

## **Professional Development for All**

The Manitoba Association of Teachers of French is pleased to offer a **free** professional development opportunity specific to rural teachers of *French Communication and Culture*. This professional development day will not only allow teachers to learn engaging ways to teach FCC but also allow them to collaborate with other rural teachers from surrounding school divisions. MATF will be covering the sub costs for the first 30 teachers to register. Registration information and agenda of the day are included below.

**When:** Friday May 3<sup>rd</sup>, 2019

9:00 am- 3:00 pm

Lunch (included) Catered by The Lake House

**Where:** The Lake House, Clear Lake, Riding Mountain National Park  
128 Wasagaming Dr, Onanole, MB R0J 1N0

### ***Increasing Engagement and Oral Communication in FCC Through Games, Activities and Authentic Learning!*** ***Presented by Emory Ashcroft and Sarah Barton***

This Rural French teachers' workshop will provide FCC teachers with classroom ready interactive take home activities to support and build proficient French language learners. Regardless of personal comfort, all basic French teachers are welcome to this safe, fun environment with the opportunity to network and share their personal experiences with other rural basic French teachers.

Sarah Barton teaches Grades 6-9 basic French in Hanover School Division and is currently considered one of Manitoba's most dynamic FCC teachers. Her energy is contagious, and her exuberance is impossible to ignore. Participants will have no choice but to be energized and inspired for their own next steps in French teaching.

Emory is a sassy French teacher with a lot of humor and tricks up his sleeve. He has been teaching for centuries and loves to make learning hands-on and fun for all. He is actively involved with the French community and often presents throughout the province. He is a leader among teachers as he is passionate about teaching and learning. He will ensure this PD is memorable and full of laughs as you build a toolbox that will help you plan and teach in the future.

*2018 Rural PD Day Interactive Learning at the Lakehouse*

**To register, please e-mail Kyle Melia at [kyle.melia@lrsd.net](mailto:kyle.melia@lrsd.net). He will contact you to confirm your registration.**
