

MATF MTS PD DAY CONFERENCE OCTOBER 21st, 2022

Session A: Highly Engaging Activities to Create Oral Communication Learning Opportunities in the FCC Classroom

9:00-10:15

Learn a variety of highly engaging oral communication, reading and writing activities to get your students speaking in French and how to assess these activities quickly and easily.

Carling Comte is an FCC teacher in Niverville and the recipient of the Greg Sametz Award for Excellence in Teaching FCC.

Session B: Integrating Indigenous and Francophone Cultural Experiences in the FCC Classroom

10:30-11:15

Discover multiple resources to facilitate the integration of Francophone and Indigenous cultures in the grades 4 to 12 French: Communication and Culture classrooms.

Meghann Galbichka is the library technician at La Direction des ressources éducatives françaises (DREF).

Session C: Free Resources, Presentations and Programming for Manitoba FCC Teachers and Student

12:15-1:30

Canadian Parents for French (CPF) is a nationwide organization that supports French second language education. This presentation will provide educators with additional information about the CPF Manitoba Branch and their many programs offered throughout the school year which aim to support students in FCC learning.

Alexandra Dénomée is the Project and Communication Officer for Canadian Parents for French Manitoba.

Session D: Beginning With The End in Mind: Backwards Planning In FCC

1:45-3:00

Learn how to create learning targets for the FCC classroom and plan towards achieving them using backwards planning. Lesson and unit plan samples will be shared to incorporate into your personal professional practice.

Emory Ashcroft is a rural FCC specialist at Gladstone Elementary School in the Pine Creek School Division.
