

Dear Manitoba French Communication and Culture Teachers,

The Manitoba Association of Teachers of French is pleased to announce that we will once again be offering our Collaboration Program for the 2019-2020 school year. Collaboration provides Manitoba FCC teachers with the opportunity to attend 4 professional development days throughout the year as a group to learn the latest and greatest teaching strategies for French Communication and Culture. Participants are also paired with an experienced FCC teacher to network and collaborate on planning, projects and classroom strategies. Teachers will also participate in cultural activities available throughout Manitoba that they will be able to take back to their classrooms to help their students experience authentic Manitoban Francophone culture. All substitute expenses and professional development registration costs are covered by MATF. As there is limited space for participants, please respond ASAP to guarantee yourself a spot. Administrator approval is required.

Merci,

Kyle Melia  
MATF Vice President and Collaboration Chair
